

Technology Facilitation Centre at 'Synergy Gour Banga 2014'

A three-day programme entitled 'Synergy Gour Banga, 2014' was organised at Malda in November 2014 to facilitate micro, small and medium scale enterprises in three districts- Uttar Dinajpur, Dakshin Dinajpur and Malda.

As a Nodal organisation, CSIR- Central Glass & Ceramic research Institute, Kolkata participated in the event displaying technologies for water. While other participating CSIR laboratories like CSIR-Central Building Research Institute, Roorkee showcased several building & construction technologies and CSIR- Indian Institute of Chemical Technology, Hyderabad briefed the entrepreneurs regarding rice bran oil technology.
